## College Information and Application Instructions

Welcome to Broward Community College. Students may apply to BCC in either of two ways: online at [facts.org](https://www.broward.edu/facts.org) or complete this application form. Read the following instructions carefully before completing and mailing the application to the campus you plan to attend. **Type or print in blue or black ink.**

Your acceptance letter will be mailed to the local address on the application, along with instructions for accessing your BCC-issued ID number and BCC e-mail address. If you need to change your address, contact the campus registration office.

**A non-refundable \$35 application fee** is required from all new credit students. This fee is charged **only once**. You may pay online at [www.broward.edu](https://www.broward.edu), mail a check/money order or pay in person at any campus Cashier's office.

### TRANSCRIPTS:

**Degree-Seeking Students – prior to enrollment, official college transcripts from all previous institutions attended should be sent electronically to the college. If the institution cannot send an electronic transcript, official paper copies may be sent to the desired campus. The college will only accept paper transcripts if the institution(s) is not an electronic participant.** Transcripts should be requested from all institutions attended. Failure to do so will jeopardize a student's future enrollment at the college. Only transcripts of currently enrolled degree-seeking students will be evaluated

**First-Time-in-College Students** - A high school transcript reflecting the graduation date must be submitted before, or during the term a student plans to attend BCC. Official high school transcripts should be sent electronically to the college. If the institution cannot send an electronic transcript, official paper copies may be sent to the desired campus. However, the college will only accept paper transcripts if the high school is not an electronic participant.

**Transfer Students** – Students seeking a degree are required to provide official copies of academic records from each college/university previously attended, before evaluation for credit will be considered. To expedite the evaluation of transcripts, students should meet with an academic advisor.

### RETURNING STUDENTS:

Students must complete a Re-entry Application if they are returning to BCC after an absence of two major terms.

### HEALTH SCIENCE APPLICANTS:

Admission to the college does not constitute acceptance into any of the Health Science Programs. A Health Science application is also required upon completion of specific admission criteria. Refer to the College Catalog for additional information.

### ACADEMIC STATUS FOR TRANSFER STUDENTS:

Students on suspension or dismissal from another institution shall submit an appeal for entry into Broward Community College to the Academic Standards Committee. Broward Community College will apply its own academic standards of progress when determining if a student will be allowed to enroll prior to satisfying the sanctions for suspension or dismissal imposed by the transfer institution.

### ADDITIONAL SERVICES:

Students interested in Student Financial Services (financial aid), Veteran's Benefits, or Disability Services, must contact those offices for information, forms or special services.

### COUNSELING:

Students changing their major must meet with an academic advisor.

## Information for Florida Residency Classification

A Florida "resident for tuition purposes" is a person who has, or a dependent person whose parent or legal guardian has, established and maintained legal residence in Florida for at least twelve (12) months. Residence in Florida must be a bona fide domiciliary rather than for the purpose of maintaining a residence incident to enrollment at an institution of higher education. Other persons not meeting the twelve-month legal residence requirement may be classified as Florida residents for tuition purposes only if they fall within one of the limited special categories authorized by the Florida Legislature. **All other persons are ineligible for classification as a Florida "resident for tuition purposes"** and will be charged non-resident tuition.

To qualify as a Florida resident for tuition purposes you must be a U.S. citizen, permanent resident alien, or a legal alien granted indefinite stay by the Immigration and Naturalization Service. Living in or attending school in Florida will not, in itself, establish legal residence. Students who depend on out-of-state parents for support are presumed to be legal residents of the same state as their parents. Documents supporting the establishment of legal residence must be dated, issued, or filed 12 months before the first day of classes of the term for which a Florida resident classification is sought.

### DEFINITIONS

**Dependent:** A person for whom 50% or more of his/her support is provided by another as defined by the Internal Revenue Service. A copy of your (or parents') most recent tax return or other documentation may be requested to establish dependence/independence.

**Independent:** A person who provides more than 50% of his/her own support.
